3.4. Eligible Entity Involvement

3.4a. Describe the specific steps the State took in developing the State Plan to involve the eligible entities.

Note: This information is associated with State Accountability Measures 1Sa(ii) and may pre-populate the State's annual report form.

The Division of Community Action Agencies (DCAA) included and involved the Iowa Community Action Association (ICAA) and Iowa's community action agencies in the development of this State Plan. The following are the activities and steps the DCAA took to involve ICAA and the agencies:

The DCAA notified and distributed the CSBG Dear Colleague Letter Model State Plan Revision: Open Comment Period (January 29, 2015) to ICAA and the agencies. The DCAA requested ICAA and the agency Executive Directors to review the letter and attachments and provide comments to the DCAA. The DCAA submitted Iowa's comments to the Office of Community Services (OCS).

The DCAA notified and distributed the following CSBG Dear Colleague Letters to ICAA and the agency Executive Directors:

- Model State Plan Revision: Open Comment Period Revision (March 10, 2015)**
- Model State Plan Revision: OMB Clearance and 30-Day Comment Period (March 20, 2015)**

On April 2, 2015, the DCAA Administrator and CSBG Program Managers attended ICAA's April board meeting to discuss and receive input from ICAA and the agency Executive Directors on these State Plan requirements:

- State Plan Development**
- Organizational Standards for Eligible Entities**
- State Training and Technical Assistance**
- Monitoring and Corrective Action**
- Results Oriented Management and Accountability System**
- CSBG Programmatic Assurances and Information**

The DCAA notified and distributed the CSBG Dear Colleague Letter Federal Register Notice: 30-Day Comment Period on the Revised Model State Plan (May 26, 2015) to ICAA and the agency Executive Directors.

During the first week of June, at the ICAA annual conference, the DCAA's CSBG Program Managers presented information on the CSBG organizational standards. Included in the presentation was an overview of OCS, CSBG Information Memorandum, Transmittal No. 138, which included the CSBG Model State Plan and Annual Report requirements, and the DCAA's planned processes, approaches, and procedures for meeting those requirements—which were developed with input from ICAA and the agencies.

On August 4, 2015, the DCAA staff attended ICAA's August board meeting to discuss and receive final input from ICAA and the agency Executive Directors on the State Plan.

Since the CSBG Dear Colleague Letter Model State Plan Revision: Open Comment Period was posted in January, the DCAA Administrator has provided updates on the progress of the CSBG Model State Plan and Annual Report at the ICAA board meetings.

The CSBG Program Managers attend all of the agencies' ROMA Subgroup meetings; this subgroup meets 5 times a year. The subgroup is made up of agency staff that have ROMA and CSBG roles and responsibilities at their agencies. The CSBG Program Managers are on all meeting agendas and provide CSBG federal and state updates. At the subgroup's 2015 February and April meetings, the CSBG Program Managers provided Model State Plan and Annual Report information and updates.

Prior to submitting the State Plan to OCS, Iowa's Commission on Community Action Agencies must approve the State Plan. The following is the timeline the DCAA followed in order to meet the public inspection and comment period requirements, public hearing requirement, and receive commission approval prior to submitting the State Plan to OCS. Section 4 includes Iowa's CSBG hearing requirement descriptions:

- July 29th – The DCAA completed and distributed the draft State Plan to the commission, ICAA, the agencies, interested persons, partners, and stakeholders.
- July 30th through August 6th – A public inspection and comment period was conducted.
- August 7th – A public hearing was conducted.
- August 11th – The DCAA reviewed and discussed the draft State Plan with the commission. The commission provided submission instructions to the DCAA.

If this is the first year filling out the automated State Plan, skip the following question.

3.4b. Performance Management Adjustment: How has the State adjusted State Plan development procedures under this State Plan, as compared to past plans, in order 1) to encourage eligible entity participation and 2) to ensure the State Plan reflects input from eligible entities? Any adjustment should be based on the State's analysis of past performance in these areas, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the State is not making any adjustments, provide further detail.

Note: This information is associated with State Accountability Measures 1Sb(i) and (ii) and may pre-populate the State's annual report form.

Instructional Note: 90 percent funds are the funds a State provides to eligible entities to carry out the purposes of the CSBG Act, as described under Section 675C of the CSBG Act. A State must provide "no less than 90 percent" of their CSBG allocation, under Section 675B, to the eligible entities.

Des Moines Community Action Agency merged with Red Rock Area Community Action Program on July 1, 2015. 6.4a. Describe the assessment process.

The Division of Community Action Agencies (DCAA) will conduct CSBG organizational standards onsite assessments at each Iowa community action agency triennially (at least once every three (3) years). Onsite assessments will be conducted at the same time regular CSBG program operations onsite reviews are conducted. Once the DCAA completes an onsite assessment, the DCAA will issue a report to the agency no later than 60 calendar days after the onsite assessment.

Desk-Monitoring (Desk-Reviews)

Agency documents and materials that are, or can be made, readily available to the DCAA, are necessary for completing the onsite assessment, and do not require the DCAA to visit the agency to assess, may be inspected and reviewed at the DCAA office, and included as part of the agency's onsite assessment.

Agencies that are not scheduled to receive an onsite assessment during FFY 2016 and/or FFY 2017 will be required to complete a CSBG organizational standards agency self-assessment. The DCAA will provide instructions, guidance, and a self-assessment instrument for those agencies to complete. The DCAA will validate, through a desk-review process, all agency self-assessments and issue a report no later than 60 calendar days after the self-assessment due date.

The DCAA's onsite reviews and assessments schedule is provided in Section 10 (10.1). Full onsite reviews and assessments include a regular CSBG program operations onsite review and a CSBG organizational standards onsite assessment. The 11 agencies that are not scheduled for a review and assessment (no review) in FFY 2016, and the 12 agencies that are not scheduled for a review and assessment in FFY 2017, will be required to complete and submit a CSBG organizational standards agency self-assessment as directed by the DCAA.

GUIDING PRINCIPALS

The DCAA will conduct all onsite assessments according to the three CSBG Monitoring Standards: mutual respect, open communication, and joint problem solving.

7.3. Distribution Process: Describe the specific steps in the State's process for distributing 90 percent funds to the eligible entities and include the number of days each step is expected to take; include information about State legislative approval or other types of administrative approval (such as approval by a board or commission).

Iowa law (2015 Iowa Acts, House File 630) addresses and provides the requirements for how Iowa's FFY 2016 and FFY 2017 CSBG allotments are to be distributed and allocated by the Division of Community Action Agencies (DCAA); ninety-six percent (96%) of the CSBG allotments must be distributed to Iowa's community action agencies, four percent (4%) to the DCAA for administration, and zero percent (0%) for remainder/discretionary uses.

The following is the DCAA's formula for allocating 96% of Iowa's CSBG allotments to the agencies:
 [The allocation formula was developed by a committee of DCAA staff, commissioners from the Iowa Commission on Community Action Agencies, the Iowa Community Action Association, and agency Executive Directors.]

- Poverty data (individuals at or below 125% of the U. S. Department of Health and Human Services Poverty Guidelines) from the U. S. Census Bureau's 2010 American Community Survey was used to calculate each agency's poverty-level population percentage.
- The DCAA will allocate the agencies distribution (96% of Iowa's CSBG allotment) to the agencies by the agency poverty-level population percentages.
- Each agency will receive a minimum allocation of at least \$160,000.
 [The agencies that experienced an increase in their percentage of the state poverty-level population will provide the funding necessary to subsidize the minimum agency allocation level requirement. Percentage increases and decreases in agency poverty-level population were calculated using the data from the U. S. Census Bureau's 2000 survey and the U. S. Census Bureau's 2010 American Community Survey.]
- The committee may revisit, review, and act on the allocation formula if Iowa's annual FFY 2016 and/or FFY 2017 CSBG allotment is less than \$6.57 million.

Specific steps for allocating 96% of Iowa's CSBG funds to the agencies:

1. At the start of each federal fiscal year the DCAA will issue a CSBG contract to each agency.
 - Each agency will be issued a CSBG contract after their annual CSBG Community Action Plan and Application is approved.
 - Contracts will include the agency's projected CSBG allocation that will be calculated using Iowa's previous year's CSBG allotment and the DCAA's CSBG allocation formula.
2. Within calendar 30 days of receiving the final CSBG Grant Award notice from the U. S. Department of Health and Human Services, Administration for Children and Families (ACF), the DCAA will calculate (using the DCAA's CSBG allocation formula) final CSBG allocations and then notify each agency of their final amount.
3. Using their final CSBG allocation amount, agencies have at least 30 calendar days from the DCAA's final CSBG allocation notice to prepare and submit an updated CSBG budget that equals their final amount.

NOTE: Within 30 calendar days of receiving any CSBG Grant Award notice from ACF, the DCAA will calculate (using the DCAA's CSBG allocation formula) the amount of CSBG funds available for each agency and then notify each agency of that amount. The amount provided is the maximum amount of CSBG funds an agency can draw down until the DCAA receives additional CSBG Grant Award notices from ACF.

- 7.4. Distribution Timeframe:** Does the State plan to make funds available to eligible entities no later than 30 calendar days after OCS distributes the Federal award? ■ Yes □ No

Note: Item 7.4 is associated with State Accountability Measure 2Sa and may pre-populate the State's annual report form.

If this is the first year filling out the automated State Plan, skip the following question.

- 7.5. Performance Management Adjustment:** How is the State improving grant and/or contract administration procedures under this State Plan as compared to past plans? If the State is not making any improvements, provide further detail.

Note: This information is associated with State Accountability Measure 2Sb and may pre-populate the State's annual report form.

If yes was selected, describe how the State plans to use remainder/discretionary funds in the table below.

Note: This response will link to the corresponding assurance, item 14.2.

Instructional Note: The assurance under 676(b)(2) of the Act (item 14.2 of this State Plan) specifically requires a description of how the State intends to use remainder/discretionary funds to “support innovative community and neighborhood-based initiatives related to the purposes of [the CSBG Act].” Include this description in row “f” of the table below and/or attach the information. If a funded activity fits under more than one category in the table, allocate the funds among the categories. For example, if the State provides funds under a contract with the State Community Action association to provide training and technical assistance to eligible entities and to create a statewide data system, the funds for that contract should be allocated appropriately between row a and row c. If allocation is not possible, the State may allocate the funds to the main category with which the activity is associated.

Note: This information is associated with State Accountability Measures 3Sa; the responses may pre-populate the State's annual report form.

- 9.2. State Linkages and Coordination at the Local Level:** Describe the linkages and coordination at the local level that the State plans to create or maintain with governmental and other social services, especially antipoverty programs, to assure the effective delivery of and coordination of CSBG services to low-income people and communities and avoid duplication of services (as required by assurances under Sections 676(b)(5) and (b)(6)). Attach additional information as needed.

Note: This response will link to the corresponding CSBG assurances, items 14.5 and 14.6.

Section 676(b)(5) of the CSBG Act requires the State and eligible entities in the State to assure they will coordinate, and establish linkages between, governmental and other social services programs to assure the effective delivery of such services to low-income individuals and to avoid duplication of such services.

The Division of Community Action Agencies (DCAA) is involved in establishing linkages and participating in coordination efforts between governmental and social services programs. In addition to the DCAA's State level partnerships (identified in Section 9 (9.1)), the DCAA Administrator and DCAA staff serve on the following committees and/or partner with the following organizations and groups:

- Family Development and Self-Sufficiency Council
- Iowa Council on Homelessness
- Early Childhood Iowa
- Iowa Coalition Against Domestic Violence
- Children and Families of Iowa (Domestic Violence Services)
- Prevent Child Abuse Iowa
- Iowa Legal Aid
- Equal Justice Project Advisory Council
- Federal Home Visitation Advisory Committee
- Individual Development Accounts Advisory Committee
- Iowa Community Colleges
- University of Iowa Masters of Social Work Advisory Committee
- National Resource Center for Family Centered Practices (University of Iowa)
- Iowa Community Action Association Conference Training Committee
- Iowa Community Action Association (Board of Directors)
- Iowa ROMA Subgroup
- Iowa Weatherization Assistance Coordinators
- Iowa Directors of Energy Assistance

The DCAA's involvement in these committees and partnerships results in increased coordination of programs and services and assures that decisions affecting Iowa's low-income population are considered.

Section 9 (9.3a) describes how the DCAA assures Iowa's community action agencies will coordinate, and establish linkages between, governmental and other social services programs to assure the effective delivery of such services to low-income individuals and to avoid duplication of such services.

Section 676(b)(5) of the CSBG Act also requires the State to describe of how the State and the eligible entities will coordinate the provision of employment and training activities, as defined in section 3 of the Workforce Innovation and Opportunity Act, in the State and in communities with entities providing activities through statewide and local workforce development systems under such Act.

In Iowa, all agencies coordinate employment and training activities with their local Iowa Workforce Development IowaWorks centers and the PROMISE JOBS program (Promoting Independence and Self-Sufficiency through Employment)—PROMISE JOBS is Iowa's welfare reform employment program designed to assist Iowa's Family Investment Program recipients to become self-sufficient. These coordinated partnerships help provide equal access to employment and training opportunities to low-income families and individuals. Some of the opportunities available to agency clients through these coordination efforts include: job placement and recruitment; job loss assistance; training assistance; personal development; and other employment related supports.

Section 676(b)(6) of the CSBG Act requires the State to ensure coordination between antipoverty programs in each community in the State, and ensure, where appropriate, that emergency energy crisis intervention programs under title XXVI (relating to low-income home energy assistance) are conducted in such community. Section 9 (9.5) describes how the DCAA ensures that emergency energy crisis intervention programs are conducted in all 99 Iowa counties.

9.3. Eligible Entity Linkages and Coordination

- 9.3a State Assurance of Eligible Entity Linkages and Coordination:** Describe how the State will assure that the eligible entities will coordinate and establish linkages to assure the effective delivery of and coordination of CSBG services to low-income people and communities and avoid duplication of services (as required by the assurance under Section 676(b)(5)). Attach additional information as needed.

Note: This response will link to the corresponding CSBG assurance, item 14.5.

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to explain how their agency addresses this CSBG Act assurance. The explanation must include a description of how their agency will coordinate efforts with governmental and other social service programs delivering employment and training services to ensure that their agency's employment and training programs and services are delivered affectively and without duplication. Agencies are also required to sign a certification statement acknowledging that their agency understands and agrees to this CSBG assurance.

All agencies have processes in place for establishing linkages between governmental and other social services programs in order to better coordinate the effective delivery of services to low-income families and individuals and to avoid the duplication of services. Although agencies report different processes for establishing linkages, all agencies participate in community meetings, planning coalitions, and network with state and local service providers. Through these efforts, agencies are able to establish formal and informal agreements and coordinate information with governmental and social service programs. These coordination efforts help the agencies avoid the unnecessary duplication of programs, services, and initiatives that are available to low-income families and individuals.

The Division of Community Action Agencies' CSBG program operations onsite reviews and CSBG organizational standards onsite assessments (CSBG Organizational Standard 2.1) include verifying the agency's community-wide partnerships and the purpose for each partnership.

- 9.3b State Assurance of Eligible Entity Linkages to Fill Service Gaps:** Describe how the eligible entities will develop linkages to fill identified gaps in the services, through the provision of information, referrals, case management, and follow-up consultations, according to the assurance under Section 676(b)(3)(B) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.3b.

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to explain how their agency develops linkages to fill identified gaps in services through the provision of information, referrals, case management, and follow up consultations. The explanation must include information about how their agency coordinates and links programs and services with other service providers to ensure low-income families and individuals receive the necessary and appropriate assistance they are seeking, and a description of their agency's information and referral processes.

All agencies have processes in place for developing, creating, and maintaining partnerships and linkages that are essential for addressing service gaps and ensuring service duplication is avoided. Although agencies report different processes for developing partnerships, all agencies participate in community meetings, planning coalitions, and network with state and local service providers. Through these meetings and networking, agencies gather information regarding other community programs available and develop contacts in their community—and clients benefit by receiving current information and referrals regarding needed community services.

The Division of Community Action Agencies' CSBG program operations onsite reviews and CSBG organizational standards onsite assessments (CSBG Organizational Standard 2.1) include verifying the agency's community-wide partnerships and the purpose for each partnership.

- 9.4. Workforce Innovation and Opportunity Act (WIOA) Employment and Training Activities:** Does the State intend to include CSBG employment and training activities as part of a WIOA Combined State Plan, as allowed under the Workforce Innovation and Opportunity Act (as required by the assurance under Section 676(b)(5) of the CSBG Act)? ☐ Yes ☒ No

Note: This response will link to the corresponding CSBG assurance, item 14.5.

- 9.4a** If the State selected "yes" under item 9.4, provide the CSBG-specific information included in the State's WIOA Combined Plan. This information includes a description of how the State and the eligible entities will coordinate the provision of employment and training activities through statewide and local WIOA workforce development systems. This information may also include examples of innovative employment and training programs and activities conducted by community action agencies or other neighborhood-based organizations as part of a community antipoverty strategy.

N/A

- 9.4b.** If the State selected "no" under item 9.4, describe the coordination of employment and training activities, as defined in Section 3 of WIOA, by the State and by eligible entities providing activities through the WIOA system.

Iowa's Department of Workforce Development is the lead agency for planning and the implementation of the Unified Plan for WIOA. The Division of Community Action Agencies (DCAA) is a participant agency in a collaborative stakeholder coordination process to clarify WIOA requirements and develop Iowa's Unified State Plan. The DCAA staff serves on the State WIOA Implementation Steering Committee, composed of relevant State agency personnel and charged with developing implementation requirements, conducting policy analysis, meeting key project milestones, and forming working groups to organize necessary work projects.

The DCAA staff also serves on the WIOA Career Pathways and Independent Living Working Group. This working group will ensure that the State embraces a coordinated career pathway approach to help support individuals with barriers to employment with smooth transitions across, into, and through the education and workforce systems.

All Iowa community action agencies coordinate employment and training activities with their local Iowa Workforce Development IowaWorks centers and PROMISE JOBS program—PROMISE JOBS is Iowa's welfare reform employment program designed to assist Family Investment Program recipients to become self-sufficient. These coordinated partnerships help provide equal access to employment and training opportunities to low-income families and individuals. Some of the opportunities available to agency clients through these coordination efforts include: job placement and recruitment; job loss assistance; training assistance; personal development; and other employment related supports.

- 9.5. Emergency Energy Crisis Intervention:** Describe how the State will assure, where appropriate, that emergency energy crisis intervention programs under title XXVI (relating to Low-Income Home Energy Assistance) are conducted in each community in the State, as required by the assurance under Section 676(b)(6) of the CSBG Act).

Note: This response will link to the corresponding CSBG assurance, item 14.6.

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to explain how their agency addresses this CSBG Act assurance. The explanation must include information about how their agency ensures, through coordination efforts and partnerships with other service providers, that low-income families and individuals in emergency energy crisis situations receive the necessary and appropriate assistance.

In Iowa, all agencies that administer the CSBG program also administer the Low-Income Home Energy Assistance Program (LIHEAP); and these agencies provide CSBG and LIHEAP funded services in all 99 Iowa counties. A component of Iowa's LIHEAP is the Emergency Crisis Intervention Program (ECIP). Agencies use their ECIP funds to assist clients with furnace repairs and replacements, temporary shelter, blankets, heaters, emergency fuel deliveries, service reconnections, and emergency cooling.

A number of agencies receive emergency energy funds through the Iowa Department of Human Services, General Relief, United Way, Salvation Army, County Relief, Embrace Iowa, Emergency Shelter Grants Program, Emergency Food and Shelter Program, churches, ministerial associations, local utilities, and customer contribution funds. These funds are used for emergency payment arrangements with local utilities, emergency fuel deliveries, and reconnection services.

The Division of Community Action Agencies administers the State's LIHEAP. All agencies receive an annual LIHEAP monitoring onsite review and evaluation to ensure compliance with LIHEAP program regulations. The LIHEAP Program Planner conducts these reviews.

- 9.6. State Assurance: Faith-based Organizations, Charitable Groups, Community Organizations:** Describe how the State will assure local eligible entities will coordinate and form partnerships with other organizations, including faith-based organizations, charitable groups, and community organizations, according to the State's assurance under Section 676(b)(9) of the CSBG Act.

Note: this response will link to the corresponding assurance, item 14.9

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to explain how their agency addresses this CSBG Act assurance. The explanation must include information about how their agency will coordinate efforts, network, and develop partnerships with faith-based organizations, charitable groups, and community organizations that serve low-income families and individuals. Agencies are also required to sign a certification statement acknowledging that their agency understands and agrees to this CSBG assurance.

All agencies have processes in place for developing partnerships and coordinating programs. Although agencies report different processes, all agencies report participating in community meetings, planning coalitions, conducting presentations, and networking with local service providers. Through these meetings and networking, agencies gather information regarding other community programs available and develop additional contacts in the community—and clients benefit by receiving current information and referrals regarding needed community services.

The Division of Community Action Agencies' CSBG program operations onsite reviews and CSBG organizational standards onsite assessments (CSBG Organizational Standard 2.1) include verifying the agency's community-wide partnerships and the purpose for each partnership.

- 9.7 Coordination of Eligible Entity 90 Percent Funds with Public/Private Resources:** Describe how the eligible entities will coordinate CSBG 90 percent funds with other public and private resources, according to the assurance under Section 676(b)(3)(C) of the CSBG Act.

Note: this response will link to the corresponding assurance, item 14.3c.

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to explain how their agency coordinates their agency's CSBG funds with other public and private resources. The explanation must include information about how their agency coordinates its CSBG funds and CSBG funded resources (i.e., office space, equipment, supplies, staff time, etc.) with public resources (funds and in-kind services received from city and county governments) and with private resources (funds, donations, and in-kind services received from: foundations, corporations, non-profits, private entities, etc.).

All agencies receive public and private funding, in-kind goods and services, and donations. Included in Iowa's FFY 2014 annual report (CSBG/IS 2014), agencies reported receiving over \$224 million in federal, state, public, and private resources. Of the \$224 million in resources, the following was leveraged from public and private entities:

\$ 1,884,450	– leveraged public (local) funding
\$ 1,251,830	– leveraged public (local) in-kind goods and services
\$16,049,051	– leveraged private funding
\$ 4,594,364	– leveraged private in-kind goods and services
\$ 9,782,266	– value of donated items (private)
\$33,561,961	– TOTAL public and private resources leveraged

Most agencies use their public and private resources and CSBG funding to support their outreach services and outreach operation costs. Some outreach services supported by these funds and resources include emergency food assistance, disaster and crisis assistance, utility assistance, rent assistance, case management services, prescription drugs, school supplies, household items, appliances, and clothing.

Agencies also coordinate their public and private resources and CSBG funding to support agency administered client programs and services; and some agencies will use their public and private resources to meet matching or cost sharing requirements in order to leverage additional federal and state funding.

- 9.8. Coordination among Eligible Entities and State Community Action Association:** Describe State activities for supporting coordination among the eligible entities and the State Community Action Association.

The Division of Community Action Agencies (DCAA) partners and coordinates with the Iowa Community Action Association (ICAA) and Iowa's community action agencies on the following Community Action and CSBG initiatives:

State Plan Development: The DCAA included ICAA and the agencies in the development of the State Plan. See Section 3 (3.4a) for a description of ICAA's and the agencies' involvement.

ICAA's Legislative Agenda: Each year the ICAA governing board develops their legislative action and advocacy plan. ICAA includes the DCAA and the Iowa Commission on Community Action Agencies (the DCAA's governing board) in their legislative agenda and policy interests discussions.

Iowa Commission on Community Action Agencies' Legislative Agenda: Each year the commission makes recommendations to the Governor and Iowa's General Assembly for executive and legislative action designed to improve the status of low-income persons in the state. The commission includes ICAA in the development and implementation of the agenda.

Iowa Commission on Community Action Agencies' Commission Meetings: The purpose of the commission is to review the progress of the DCAA's programs. The commission meets quarterly. At each commission meeting the DCAA presents and discusses its programs and Community Action information, and ICAA presents information about their activities and events.

ICAA's Annual Conference: Both DCAA CSBG Program Managers are members of the ICAA conference planning committee, and the DCAA provides funding and resources for conference training needs, workshop speakers, and recognition awards.

Iowa Community Action Agency Trainings: The DCAA works with ICAA on identifying agency training needs and assisting ICAA on organizing and scheduling agency trainings. The DCAA provides some funding and resources to ICAA to provide these trainings.

The DCAA Administrator and CSBG Program Managers attend and present Community Action and CSBG information at the ICAA board meetings and the agencies' ROMA Subgroup meetings.

- 9.9 Communication with Eligible Entities and the State Community Action Association:** In the table below, describe the State's plan for communicating with eligible entities, the State Community Action Association, and other partners under this State Plan. Include communication about annual hearings and legislative hearings, as described under Section 4, CSBG Hearing Requirements.

- 9.10. Feedback to Eligible Entities and State Community Action Association:** Describe how the State will provide feedback to local entities and State Community Action Associations regarding performance on State Accountability Measures.

Note: This information is associated with State Accountability Measure 5S(iii). The measure indicates feedback should be provided within 60 calendar days of the State getting feedback from OCS.

The Division of Community Action Agencies (DCAA) will send via e-mail, to Iowa's community action agencies and the Iowa Community Action Association (ICAA), the information and feedback the DCAA will receive from the Office of Community Services (OCS) about the DCAA's performance on the state accountability measures. The e-mail will be sent within 60 calendars days of the DCAA getting the information and feedback from OCS.

The DCAA Administrator will present the DCAA's state accountability measures information and feedback to ICAA and the agency Executive Directors at an ICAA governing board meeting. The DCAA's CSBG Program Managers will present the information and feedback to the members of the ROMA Subgroup at one of their meetings.

If this is the first year filling out the automated State Plan, skip the following question.

- 9.11. Performance Management Adjustment:** How is the State adjusting the Communication plan in this State Plan as compared to past plans? Any adjustment should be based on the State's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the State is not making any adjustments, provide further detail.

- 10.6. Reporting of QIPs:** Describe the State's process for reporting eligible entities on QIPs to the Office of Community Services within 30 calendar days of the State approving a QIP?

Note: This item is associated with State Accountability Measure 4Sa(iii)).

The Division of Community Action Agencies (DCAA) will determine through CSBG program operations onsite reviews, CSBG organizational standards onsite assessments, CSBG fiscal monitoring onsite reviews, DCAA investigations related to specific complaints or allegations, and other necessary and appropriate reviews, whether an Iowa community action agency is meeting the performance goals, administrative standards, service delivery requirements, financial management requirements, and other requirements established by the Office of Community Services (OCS), the State of Iowa, and the DCAA. When the DCAA determines that an agency has a significant deficiency or deficiencies, the DCAA may require the agency to develop and implement a quality improvement plan (QIP) to correct the deficiency or deficiencies. If the DCAA determines a QIP is necessary, the DCAA will adhere to the QIP requirements in Section 678C of the CSBG Act and the federal guidance provided in OCS, CSBG Information Memorandum, Transmittal No. 116.

All agency QIPs, approved by the DCAA, will be reported to OCS within 30 calendar days of the DCAA's approval decision. As directed, the DCAA will notify its OCS, CSBG Program Services, Program Specialist.

Fiscal Controls and Audits and Cooperation Assurance

- 10.11. Fiscal Controls and Accounting:** Describe how the State's fiscal controls and accounting procedures will a) permit preparation of the SF-425 Federal fiscal reports (FFR) and b) permit the tracing of expenditures adequate to ensure funds have been used appropriately under the block grant, as required by Block Grant regulations applicable to CSBG at 45 CFR 96.30(a).

Integrated Information for Iowa (I/3) is the State of Iowa's Enterprise Resource Planning system. I/3 supports Iowa's financial processes such as accounts payable, accounts receivable, procurement, general accounting, fixed assets, budget preparation, and applicant tracking.

The I/3 system requires at least two I/3 authorized individuals to approve each expenditure (claim for payment) that is entered into the system.

The I/3 system allows authorized individuals to download information into I/3's Datawarehouse software program. From the I/3 Datawarehouse, Iowa Department of Human Rights (IDHR), Central Administration accountants are able to query reports for financial information which enables the accountants to complete monthly revenue and expenditure reports in electronic spreadsheets (IDHR Report of Expenditures) with varying degrees of needed detail. The I/3 Datawarehouse allows the accountants to complete the SF-425 Federal fiscal reports accurately and timely.

The IDHR, Central Administration follows: the State of Iowa's payment policies and procedures in the State Accounting Policy and Procedures Manual, the State of Iowa's purchasing rules and guidelines, and uses the Office of Management and Budget, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for guidance on allowable and unallowable costs.

Annually, Iowa's community action agencies receive a CSBG fiscal monitoring onsite review and evaluation to determine financial management stability and compliance with CSBG program regulations, contracts, procedures, and other requirements established by the State of Iowa and the Division of Community Action Agencies. The reviews include an examination and review of financial transactions, time sheets, management level compensation, interest earned documentation, indirect cost rate and cost allocation application, and monthly funding requests and advances.

- 10.12. Single Audit Management Decisions:** Describe State procedures for issuing management decisions for eligible entity single audits, as required by Block Grant regulations applicable to CSBG at 45 CFR 75.521. If these procedures are described in the State monitoring protocols attached under item 10.2, indicate the page number.

Note: This information is associated with State Accountability Measure 4Sd.

The following are the Iowa Department of Human Rights (IDHR), Central Administration's procedures for issuing management decisions for Iowa community action agency annual audits:

Iowa's community action agencies are required to contract with an independent auditing firm. The auditing firm's Certified Public Accountants are required to audit all agency programs annually, including the CSBG program.

The auditing firm is required to submit a completed audit to the agency. The agency is required to provide that audit to the IDHR, Central Administration, as directed in the agency's CSBG contract.

Once the IDHR, Central Administration receives an agency audit, department accountants will:

- document the receipt of the audit,
- review the findings and questioned costs (if any) in the audit,
- review the expenditures reported in the audit, and
- issue a response letter to the agency within 180 calendar days of receipt of the audit.

The response letter will notify the agency if the provisions in their IDHR contracts have been met and generally accepted accounting principles followed. Any audit issues or findings related to the agency's IDHR contracts will be communicated in the response letter along with the necessary corrective action requirements.

The IDHR, Central Administration reviews all agency annual audits; and the Office of Auditor of State reviews IDHR, Central Administration's audit review procedures annually. The Office of Auditor of State also audits the IDHR annually for compliance with the requirements of laws, regulations, contracts, and grant applications. The audit of compliance is conducted in accordance with United States generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards as issued by the Comptroller General of the United States, and the Office of Management and Budget, Uniform Administrative Requirements, Cost Principles, and Audit Requirements.

- 10.13. Assurance on Federal Investigations:** Will the State "permit and cooperate with Federal investigations undertaken in accordance with Section 678D" of the CSBG Act, as required by the assurance under Section 676(b)(7) of the CSBG Act? ☒ Yes ☐ No

Note: This response will link with the corresponding assurance, item 14.7

If this is the first year filling out the automated State Plan, skip the following question.

- 10.14. Performance Management Adjustment:** How is the State adjusting monitoring procedures in this State Plan as compared to past plans? Any adjustment should be based on the State's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If this State is not making any adjustments, provide further detail.

Note: This item is associated with State Accountability Measure 4Sb and may pre-populate the State's annual report form.

SECTION 11
Eligible Entity Tripartite Board

- **Iowa community action agencies that are not scheduled to receive a CSBG organizational standards onsite assessment during FFY 2016 and/or FFY 2017 will be required to complete a CSBG organizational standards agency self-assessment. The DCAA will validate, through a desk-review process, CSBG organizational standards 5.1 and 5.2.**

- 11.2.** How often does the State require eligible entities (which are not on TAPs or QIPs) to provide updates (e.g., copies of meeting minutes, vacancy alerts, changes to bylaws, low-income member selection process, etc.) regarding their Tripartite Boards? **[Check all that applies]**

- ☒ Annually
- ☐ Semiannually
- ☐ Quarterly
- ☐ Monthly
- ☐ Other

- 11.3. Assurance on Eligible Entity Tripartite Board Representation:** Describe how the State will carry out the assurance under Section 676(b)(10) of the CSBG Act that the State will require eligible entities to have policies and procedures by which individuals or organizations can petition for adequate representation on an eligible entities' Tripartite Board.

Note: This response will link with the corresponding assurance, item 14.10.

Iowa's community action agencies, as part of their annual CSBG Community Action Plan and Application, are required to certify this CSBG Act assurance; and the Division of Community Action Agencies (DCAA) has policies and procedures, and CSBG contract requirements with the agencies that address this assurance.

As part of the DCAA's CSBG program operations onsite reviews, the agency's by-laws, governing board structure, governing board manuals, and governing board policies and procedures are inspected and reviewed to verify the agency has written policies and procedures that meet the requirements of this assurance.

- 11.4.** Does the State permit public eligible entities to use, as an alternative to a Tripartite Board, “another mechanism specified by the State to assure decision-making and participation by low-income individuals in the development, planning, implementation, and evaluation of programs” as allowed under Section 676B(b)(2) of the CSBG Act.
- ☒ Yes ☐ No

11.4a. If yes, describe the mechanism used by public eligible entities as an alternative to a Tripartite Board.

The Division of Community Action Agencies (DCAA) allows Iowa’s public community action agencies to use another governing board mechanism as an alternative to a tripartite governing board.

The following is included in Iowa’s CSBG policies and procedure manual:

Iowa’s public agencies may submit a request to use another governing board mechanism as an alternative to a tripartite governing board. The requested mechanism must assure decision making and participation by low-income individuals in the development, planning, implementation, and evaluation of programs funded under the CSBG Act; and the requested mechanism must meet the requirements in the Iowa Code (Chapter 216A.94). Public agencies interested in using another governing board mechanism must contact the DCAA for request and submittal instructions.

SECTION 12
Individual and Community Income Eligibility Requirements

12.1. Required Income Eligibility: What is the income eligibility threshold for services in the State?

- ☒ 125% of the HHS poverty line
- ☐ X % of the HHS poverty line (fill in the threshold): _____%
- ☐ Varies by eligible entity

12.1a. Describe any State policy and/or procedures for income eligibility, such as treatment of income and family/household composition.

The following is included in Iowa's CSBG policies and procedure manual:

CLIENT INCOME ELIGIBILITY AND VERIFICATION

Iowa's community action agencies are required to use 125% of the U. S. Department of Health and Human Services Poverty Guidelines as the ceiling for determining client (household and individual) income eligibility for services provided with CSBG program funds.

Agencies providing CSBG funded services to clients are required to verify and document proof of income eligibility. Agencies are required to use Iowa's Low-Income Home Energy Assistance Program (LIHEAP) household income and exempt income definitions for determining a client's income eligibility. This information is in the Income and Exempt Income sections of the State of Iowa--LIHEAP Procedures Manual.

12.2. Income Eligibility for General/Short Term Services: For services with limited in-take procedures (where individual income verification is not possible or practical), how does the State ensure eligible entities generally verify income eligibility for services? An example of these services is emergency food assistance.

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to provide or explain their agency's procedures for verifying income eligibility for clients applying for general/short term services.

As part of the Division of Community Action Agencies' (DCAA) CSBG program operations onsite reviews, the DCAA will review the agency's income eligibility for general/short term services procedures, and verify that the procedures are being implemented as described.

12.3. Community-targeted Services: For services that provide a community-wide benefit (e.g., development of community assets/facilities, building partnerships with other organizations), how does the State ensure eligible entities' services target and benefit low-income communities?

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to provide the community-targeted services their agency will use agency funds and resources to support, and explain how the supported services are targeted for and will benefit low-income communities.

As part of the Division of Community Action Agencies' (DCAA) CSBG program operations onsite reviews, the DCAA will review the agency supported community-targeted services and confirm that the purpose of those services are to benefit low-income communities. Also, the DCAA's CSBG organizational standards onsite assessments (CSBG Organizational Standard 2.1) include verifying the agency's community-wide partnerships and the purpose for each partnership.

SECTION 13
Results Oriented Management and Accountability (ROMA) System

- 13.1. ROMA Participation:** In which performance measurement system will the State and all eligible entities participate, as required by Section 678E(a) of the CSBG Act and the assurance under Section 676(b)(12) of the CSBG Act?

Note: This response will also link to the corresponding assurance, item 14.12.

- ☒ The Results Oriented Management and Accountability (ROMA) System
- ☐ Another performance management system that meets the requirements of section 678E(b) of the CSBG Act
- ☐ An alternative system for measuring performance and results

- 13.1a.** If ROMA was selected in item 13.1, attach and/or describe the State's written policies, procedures, or guidance documents on ROMA.

The model ROMA performance measurement system that OCS facilitated the development of is the Community Action National Performance Indicators (NPIs). Iowa's CSBG program has adopted and uses the Community Action NPIs for collecting Iowa community action agency results data and information, and for measuring and reporting agency performance. Iowa's CSBG policies and procedures manual includes Iowa's written policies, procedures, and agency participation requirements on implementing this ROMA system; and Iowa's CSBG Community Action Plan and Application includes Community Action NPI requirements.

Iowa's CSBG policies and procedures manual also includes ROMA concept policies. These policies require agencies to follow the ROMA cycle of assessment, planning, implementation, achievement of results, and evaluation for planning and administering their CSBG program and agency-wide strategic plans. This ensures that each agency's CSBG program and agency-wide strategic plans will be outcome-based, anti-poverty focused, and tie directly to community needs assessments.

The CSBG contracts the DCAA issues to the agencies requires the agencies to participate in the ROMA systems established by the DCAA.

Information about the DCAA's ROMA Workgroup and the DCAA's Community Action NPI data review and verification procedures are also addressed in Iowa's CSBG policies and procedures manual.

- 13.1b.** If ROMA was not selected in item 13.1, describe the system the State will use for performance measurement.

N/A

- 13.2.** Indicate and describe the outcome measures the State will use to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization, as required under Section 676(b)(12) of the CSBG Act?

Note: This response will also link to the corresponding assurance, item 14.12.

- ☒ CSBG National Performance Indicators (NPIs)
- ☐ NPIs and others
- ☐ Others

13.3. How does the State support the eligible entities in using the ROMA system (or alternative performance measurement system)?

Note: The activities described under item 13.3 may include activities listed in “Section 8: Training and Technical Assistance.” If so, mention briefly, and/or cross-reference as needed. This response will also link to the corresponding assurance, item 14.12.

Iowa law (2015 Iowa Acts, House File 630) addresses and provides the requirements for how Iowa’s FFY 2016 and FFY 2017 CSBG allotments are to be distributed and allocated by the Division of Community Action Agencies (DCAA). The Iowa law does not provide CSBG funding to the DCAA for remainder/discretionary activities.

Although the DCAA does not receive CSBG funding for remainder/discretionary activities, the DCAA still partners and provides support to the Iowa’s community action agencies in using the ROMA system. The following are the DCAA’s ROMA support initiatives:

Iowa’s CSBG Community Action Plan and Application: The DCAA partnered with the agencies to design a CSBG application that requires agencies to follow the ROMA cycle of assessment, planning, implementation, achievement of results, and evaluation for planning and administering their CSBG program. This application ensures that each agency’s CSBG program will be outcome-based, anti-poverty focused, and tie directly to community needs assessments.

DCAA’s ROMA Workgroup: The DCAA’s ROMA Workgroup is a planning committee made up of DCAA staff and agency ROMA Subgroup members. The workgroup is responsible for Iowa’s Community Action national performance indicators report forms, instructions, and guidance; and ensuring Iowa’s Community Action national performance indicators projects meet CSBG program accountability requirements.

ROMA Subgroup Meetings: The CSBG Program Managers attend all of the agencies’ ROMA Subgroup meetings; this subgroup meets 5 times a year. The subgroup is made up of agency staff that have ROMA and CSBG roles and responsibilities at their agencies. The CSBG Program Managers are on all meeting agendas and provide CSBG federal and state updates.

ICAA’s Annual Conference: Both DCAA CSBG Program Managers are members of the ICAA conference planning committee, and the DCAA provides funding and resources for conference training needs, workshop speakers, and recognition awards. Each year the conference has a ROMA workshop track. The purpose of this workshop track is to provide ROMA information to the agencies and offer ROMA training opportunities.

Iowa Community Action Agency Trainings: The DCAA works with ICAA on identifying agency training needs and assisting ICAA on organizing and scheduling agency trainings. The DCAA provides some funding and resources to ICAA to provide these trainings. Currently, ICAA is providing ROMA training for agency staff and agency governing board members.

Nationally Certified ROMA Trainer Candidates: The DCAA supports and will continue to support agency staff that plan to submit an application to the ROMA-certified trainer training program.

13.4. Eligible Entity Use of Data: How is the State validating that the eligible entities are using data to improve service delivery?

Note: This response will also link to the corresponding assurance, item 14.12.

Annually, Iowa's community action agencies are required to complete and submit a CSBG Community Action Plan and Application (application) to the Division of Community Action Agencies (DCAA). The application requires agencies to follow the ROMA cycle of assessment, planning, implementation, achievement of results, and evaluation for planning and administering their CSBG program. This ensures their agency's CSBG program will be outcome-based, anti-poverty focused, and tie directly to community needs assessments.

The application's assessment section requires agencies to conduct community needs assessments, client and community needs studies, and use the information from those assessments and studies and other resources and agency data to identify family, community, and agency needs within their agency's service area. Agencies are required to describe the assessment process their agency used to identify family, community, and agency needs in their agency's service area, and list and summarize the needs assessments, studies, resources, and data their agency used to identify those needs.

The application's assessment section also requires agencies explain how the progress and results data and information from their agency's previous year's application's program goals and objectives, Community Action national performance indicators, strategic plans, and other generated outcomes-based reports were used in the agency's assessment process.

Using the results and information from the application's assessment process, agencies decide the needs their agency plans to address with their CSBG program, and they develop and implement strategies and initiatives to address those needs.

Each agency's application is reviewed and must be accepted by the DCAA before a CSBG contract will be issued and executed with the agency.

The DCAA's CSBG organizational standards onsite assessments includes confirming that agencies are updating their governing board on the progress and outcomes of their agency's CSBG program goals and objectives outlined in their application (CSBG Organizational Standard 4.4) and their agency's strategic plan goals (CSBG Organizational Standard 6.5). Also, the DCAA will review and confirm any operational or strategic program adjustments and improvements to their CSBG program goals and objectives and/or their agency's strategic plan goals as a result of the agency progress and outcomes reports (CSBG Organizational Standard 9.3)

Community Action Plans and Needs Assessments

- 13.5.** Describe how the State will secure a Community Action Plan from each eligible entity, as a condition of receipt of CSBG funding by each entity, as required by Section 676(b)(11) of the CSBG Act.

Note: this response will link to the corresponding assurance, item 14.11.

Annually, Iowa's community action agencies are required to complete and submit an agency CSBG Community Action Plan and Application (application) to the Division of Community Action Agencies (DCAA). Agency application requirements are addressed in the Iowa Administrative Code (427-22.5), Iowa's CSBG policies and procedures manual, and in the application instructions. Review and acceptance requirements are addressed in the Iowa Administrative Code (427-22.6), Iowa's CSBG policies and procedures manual, and in the application instructions.

An agency's application must be accepted by the DCAA before a CSBG contract will be issued and executed with the agency. No CSBG costs incurred are reimbursable until the agency receives a CSBG contract that is signed by the DCAA Administrator.

- 13.6. State Assurance:** Describe how the State will assure that each eligible entity includes a community needs assessment for the community served (which may be coordinated with community needs assessments conducted by other programs) in each entity's Community Action Plan, as required by Section 676(b)(11) of the CSBG Act.

Note: this response will link to the corresponding assurance, item 14.11.

Annually, Iowa's community action agencies are required to complete and submit a CSBG Community Action Plan and Application (application) to the Division of Community Action Agencies (DCAA). The application requires agencies to follow the ROMA cycle of assessment, planning, implementation, achievement of results, and evaluation for planning and administering their CSBG program. This ensures their agency's CSBG program will be outcome-based, anti-poverty focused, and tie directly to community needs assessments.

The application's assessment section requires agencies to conduct community needs assessments, client and community needs studies, and use the information from those assessments and studies and other resources and agency data to identify family, community, and agency needs within their agency's service area. Agencies are required to describe the assessment process their agency used to identify family, community, and agency needs in their agency's service area, and list and summarize the needs assessments, studies, resources, and data their agency used to identify those needs.

Each agency's application is reviewed and must be accepted by the DCAA before a CSBG contract will be executed with the agency.

Agencies are also required to sign a certification statement acknowledging that their agency understands and agrees to this CSBG assurance.

All agencies support, collaborate, and make referrals to the youth programs in their communities. Some of the youth programs and activities agencies are involved with include: teen pregnancy education, youth employment, mentoring, after school programs, job training, theater, scouts, park and recreation activities, education and reading programs, college scholarships, anti-bullying programs, drug and alcohol programs, abstinence, suicide prevention, volunteering, church programs, 4H, etc.

A number of agencies administer programs that include youth components, such as, the Family Development and Self-Sufficiency program, WIC, and Stork's Nest. These programs provide protective services, health, nutrition, counseling, and education services for youth and teenaged parents.

The explanation must include: information about how their agency will coordinate its CSBG funds and CSBG funded resources (i.e., office space, equipment, supplies, staff time, etc.) with other programs and services that are designed to assist low-income families and individuals. Agencies are also required to sign a certification statement acknowledging that their agency understands and agrees to this CSBG assurance.

All agencies assist their clients by providing them with information and referring them to public and private organizations in an effort to expand program and service opportunities for them and their families. These partnerships and alliances with organizations that provide programs and services to low-income Iowans helps ensure that client needs are addressed.

The Division of Community Action Agencies' CSBG organizational standards onsite assessments and CSBG program operations onsite reviews include verifying the agency's community-wide partnerships and the purpose for each partnership.

All agencies have outreach site office systems in place for serving clients; currently, all 99 Iowa counties have a least one agency staffed outreach site office. The agencies' outreach staffs are trained to provide case management and assessment services to low-income families and individuals. These services ensure that clients will be enrolled and/or referred to appropriate assistance programs and services. The agencies' outreach staffs also provide follow-up case management and assessment services as needed.

For clients that are homebound or are unable to visit an agency for services, agencies provide assistance by phone, mail, electronic communications, and/or home visits. Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to explain how their agency will use their CSBG funds to support innovative community and neighborhood-based initiatives related to the purposes of the CSBG. The explanation must include: information about how their agency will use its CSBG funds and CSBG funded resources (i.e., office space, equipment, supplies, staff time, etc.) to support community and neighborhood initiatives that are designed to revitalize low-income communities; information about the community and neighborhood initiatives their agency is planning to be significantly involved with; and, if applicable, how their agency will use its CSBG funds and CSBG funded resources to support fatherhood initiatives and initiatives that have goals of strengthening families and encouraging parental responsibility.

All agencies use agency funding and agency resources to support community and neighborhood initiatives. Some of the initiatives agencies have been involved in include: health clinics, dental clinics, mental health centers, substance abuse programs, immigration services, flood recovery, small business grants, low-income housing projects, neighborhood clean-ups, after school care programs, community centers, painting houses, and building renovations.

Agencies also use their CSBG funds to support a number of family and effective parenting initiatives. These initiatives are mostly components of the programs they administer, such as, the Family Development and Self-Sufficiency program, Head Start, Early Head Start, WIC, Maternal Child Health, etc. The fatherhood initiatives included in these programs focus on encouraging fathers to participate in meetings, activities, literacy events, promoting family relationships, and parenting skills.

All agencies report supporting, collaborating, and partnering with programs in their communities that focus on strengthening families and encouraging effective parenting.

Eligible Entity Emergency Food and Nutrition Services

- 14.4. 676(b)(4)** Describe how the State will assure “that eligible entities in the State will provide, on an emergency basis, for the provision of such supplies and services, nutritious foods, and related services, as may be necessary to counteract conditions of starvation and malnutrition among low-income individuals.”

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to explain how their agency addresses this CSBG Act assurance. The explanation must include information about how their agency ensures food will be provided in emergency situations to low-income families and individuals that are seeking immediate food assistance, and information about the emergency food programs and services their agency is planning to be significantly involved with. Agencies are also required to sign a certification statement acknowledging that their agency understands and agrees to this CSBG assurance.

All agencies operate their own food pantries and/or partner with existing pantries in their service area, and provide food and food vouchers for emergency purposes. In most emergency situations, agencies provide clients with a 3 to 7 day supply of nutritious food. Clients with transportation problems are referred to other food providers or delivered a food package. Once a client's emergency food needs are met, agencies will assess and provide case management services to the client and enroll them or refer them to appropriate food assistance and other necessary programs and services.

The agencies also administer a number of programs and provide services addressing the prevention of starvation and malnutrition. Some of these agency programs and services include Child and Adult Care Food Program, WIC, farmers' markets, holiday food projects and baskets, garden and canning programs, Iowa's SHARE food program, surplus foods, nutritional counseling and education services, and congregate and senior meals.

Fifteen agencies administer the Head Start and/or the Early Head Start programs. Children enrolled in either of these programs receive nutritious meals during the day.

Since FFY 2005, the Division of Community Action Agencies, Iowa Community Action Association, and the agencies have partnered with the Iowa Department of Human Services to provide outreach and enrollment support for Iowa's Food Assistance program. This effort has assisted in leveraging thousands of dollars in additional Food Assistance program funds for Iowa's low-income families and individuals.

15.2 Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

- (1) By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
- (2) The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
- (3) For grantees other than individuals, Alternate I applies.
- (4) For grantees who are individuals, Alternate II applies.

If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
- (6) Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
- (7) If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
- (8) Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:
